Artist Biography

Glen Canyon National Recreation Area and Glen Canyon Conservancy would like to have a biography for every artist that demonstrates in the park. In order to advertise upcoming demonstrations, our plan is to post a photo of each artist, a picture or two of their work, as well as a short biography on the park's and GCC's website and/or social media.

If you already have a written biography, feel free to send it instead, or in addition to this page. Thank you!
